[Late 19C.]
The rectorial pews are to be retained.

[Early 19C.]
The Mayoral Pews are being retained.

The reworked Ashworth pews in the south aisle are being removed. There is a surplus of examples representing Ashworths reordering being retained, of which these are a poor example. The loss of this group of pews is therefore of little significance and impact. However, the frontal will be retained on the back line of pews, against the new children's area to define the line across the church between formal and informal furnishings.

The reworked Ashworth pews are being retained, shortened and relocated further west and against the glazed entrance lobby.
